

ANNOUNCEMENT

Version Release

The Formtek Auditing Extension is now available for Alfresco 4.2

The Formtek Auditing Extension records standard Alfresco transactions such as Create, Edit Properties, Update Properties, Checkout, Download, Upload New Version, Move to, Copy to, Manage Permissions, Manage Aspects, Delete Document, and more.

New in this release are Audit History and Workflow History tools in the Share Admin Console allowing administrators to search for audit records or workflow records.

Current customers of the Formtek Auditing Extension may download the software and documentation from their account at support.formtek.com.

The Formtek Auditing Extension is one of several Formtek Extensions designed to increase the capabilities and productivity of your Alfresco implementation.
