

Atol CD to offer the Formtek Engineering Data Management Solution and Extensions for Alfresco in France

February 6, 2017

Concord, California USA — [Formtek, Inc.](#), a leading provider of document and content management software and services, announced today that it has signed a Partnership Agreement with Atol Conseils et Développement ([Atol CD](#)).

Atol CD is a French company that develops solutions for collaborative work and content management, with leading edge knowledge in software development, Open Source solutions integration, consulting and training. Atol CD is also a leading provider of the [Alfresco](#)® open platform for content management and collaboration in France.

Formtek is a US-based Alfresco Partner, and the developer of the [Formtek® Software Extensions for Alfresco](#) and the [Formtek Engineering Data Management \(EDM\) Solution](#) for Alfresco. Through the partnership with Atol CD, Formtek's software will be made available to users of Alfresco in France.

“Our customers often ask us about the management of engineering documents” said Jean-Philippe Porcherot, Atol CD's CEO. “We have carried out a study of existing solutions: Formtek is the fitting answer to this issue. Thanks to this partnership, Atol CD broadens its product offering. We already knew how to preview AutoCAD files, but Formtek offers many industrial functions, including support for XRefs, online editing, and automatic indexing of domain-specific metadata.”

“We are very pleased to partner with Atol CD”, said Dennis M. Scanlon, Formtek President and CEO. “Atol CD is recognized in France for its expertise on Alfresco, and we wanted a solid Alfresco Systems Integrator to deploy our EDM solution for French customers.”

About Formtek

For over two decades, Formtek has been providing mission-critical Content Management software and services to some of the most demanding engineering, manufacturing, aerospace, industrial, and technical organizations in the world. We build solutions on technology platforms that are open and adaptable to complex IT environments, including Formtek | Orion Content Repository Services, Ephesoft Intelligent Document Capture, and the Alfresco One ECM platform. Our products also include the Formtek Engineering Data Management (EDM) Solution for Alfresco, and the Formtek Software Extensions for Alfresco.
