

ANNOUNCEMENT

Product Release

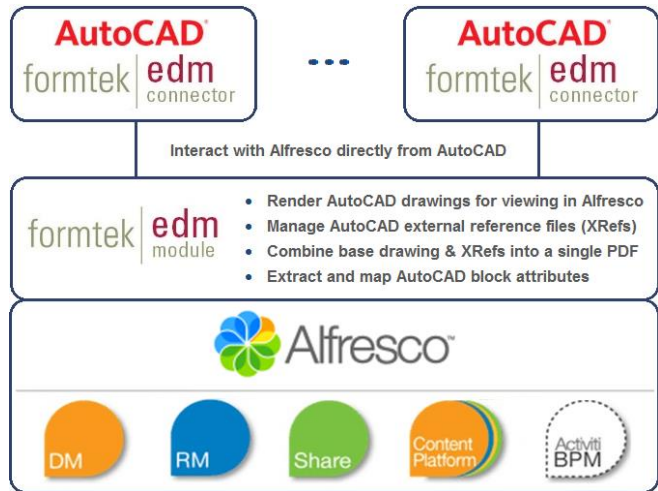

The Formtek EDM Module 3.0 release is now available for Alfresco One 5.1.x.

- Provides pre-configured Engineering Drawing & Document content types with view, edit and search forms
- Or configure to work with your organization's custom content type
- Extracts AutoCAD® block attributes and maps them to Alfresco® properties
- Automatically renders AutoCAD file types to thumbnail and PDF for viewing in Alfresco Share
- Associates the base drawing to its external references (XRefs) within the Alfresco repository
- Synchronizes directly with AutoCAD when the Formtek EDM Connector for AutoCAD plug-in is installed

New in this release are the capabilities to:

- Render AutoCAD drawings to vector PDF for hi-fidelity viewing in Alfresco
- Generate a complete drawing, including the drawing's XRefs
- Render the model space and all paper space views of an AutoCAD drawing
