

AMPLEXOR to offer the Formtek Engineering Data Management Solution for Alfresco in Europe

June 12, 2018

Walnut Creek, California USA — [Formtek, Inc.](#) announced that it has signed a Partnership Agreement with AMPLEXOR Belgium NV. [AMPLEXOR](#) is a consulting services and solutions provider leading in Digital Experience, Business Compliance and Content Globalization Solutions, and also a Premier Systems Integration Partner for the Alfresco® Digital Business Platform.

Formtek® is a US-based provider of software and services for Alfresco, and the developer of the [Formtek Extensions for Alfresco](#) and the [Formtek EDM \(Engineering Data Management\) Solution](#) for Alfresco. Through the partnership, AMPLEXOR will offer sales and support of Formtek's software products in Europe.

AMPLEXOR's first customer implementation of the Formtek EDM Solution will be for a leading multinational chemicals company. Formtek EDM will allow their engineers to manage and view AutoCAD® files within Alfresco. The implementation is initially planned at two major petrochemical plants, with expansions to other locations expected to follow.

About Formtek

For over two decades, Formtek has been providing mission-critical Content Management software and services to some of the most demanding engineering, manufacturing, aerospace, industrial, and technical organizations in the world. We build solutions on technology platforms that are open and adaptable to complex IT environments, including Formtek | Orion Content Repository Services, Ephesoft Intelligent Document Capture, and the Alfresco Digital Business Platform platform. Our products also include the Formtek Engineering Data Management (EDM) Solution for Alfresco, and the Formtek Software Extensions for Alfresco.
